MICHIGAN UNIVERSITY

2001-1

Asian Cultural History Program

www.emich.edu/abroad/

June 30 - August 5, 2013

Hong Kong, Hanoi, Halong Bay, Saigon, Phnom Penh, Siem Reap, Angkor, Bangkok, Shanghai, Xian, and Beijing

The Asian Cultural History Program (ACHP) is a completely unique approach to university study abroad. The ACHP is an interdisciplinary Study Abroad experience where students and professors travel to 10 cities in 4 countries to examine art, history & culture. The program integrates reading, writing and research with direct involvement in the locations to give you a richer understanding of the world than book learning alone could possibly provide.

The emphasis is on culture

You will experience culture first-hand, in key centers of learning and art. Guided field experiences combined with reflection will help you to understand world cultures in a more meaningful and memorable way.

Academics

You get college credit

The Asian Cultural History Programs carry six hours of EMU credit: 3 in history or political science and 3 in art. Non-EMU students from across the country participate, and pay in-state EMU tuition and fees.

Application Deadline

February 1

For Applications and Further Information
